BLUE SKY OILFIELD SUPPLY & SERVICES

INTERNATIONAL PURCHASING AND GLOBAL SOURCING

At BSO, we understand how challenging it can be for companies and enterprises to use foreign buying, so we help you manage the burden and have the right international purchasing options for businesses.

We have a squad of professionals waiting to supply you with the latest multinational buying and foreign procurement options. BSO team will help you in following aspects;

- International Purchasing Process
- Global Purchasing Strategies
- International Purchasing Benefits

BSO works hard to include the valuable values of multinational buying and global procurement. We are still available to have top-notch company principles and rewards.

Contact us straight away and let us help you get the organization going in the right direction.

BLUE SKY OILFIELD SUPPLY & SERVICES

EYE-GRABBING STOCK MANAGEMENT

BSO is more than just a procurement services firm or a trade business; we still keep a store of oil and gas supplies, machines, valves, pumps, motors, PPE, drilling equipment and so on. for our daily clients, and our stock prices surpass \$2 million.

BSO has a benefit over rivals because of our willingness to satisfy consumer expectations on schedule, which is why many world-renowned brands choose to do business with us.

BLUE SKY OILFIELD SUPPLY & SERVICES

REPRESENTATION

BSO represents and distributes equipment's for a variety world prominent brands manufacturer, many of whom are on the authorized dealer lists of some of the world's largest oil, gas, and mining firms.

BSO employs a multinational network of employees to provide active representation for both vendors and retailers, and they also procure tenders and commodity inquiries from areas where they do not currently accept them. This provides the organizations that BSO represents with an additional marketing benefit at no additional expense.

We are constantly searching for reasons to bring these firms to end-users so that the vendor can quote and handle any technical queries directly. For the talks, BSO can still serve as a sales support team.

BUSINESS ETHICS

WHY IS IT IMPORTANT

To be a trustworthy organisation, we must stick to a clear and strong set of standards everywhere we work.

WHAT WE ARE TRYING TO ACHIEVE

It is an ethical and transparent organization that maintains high expectations within BSO, our supply chain and throughout the sector.

OUR METHOD

We are working on all aspects of responsible industry, including fraud and corruption, supply chain standards and income disclosure, in accordance with our code of conduct, our principles and our practices.
