ABOUT US

Enhancing the Quality of Oilfield Solutions

Blue Sky Oilfield Supply and Services is an international oilfield procurement and services provider company. We specialize in oilfield exploration, production, and Drilling and workover equipment, tools, services, and manpower services. To expand our business globally by using AI-technology Innovation, we expanded our operations and established our UK headquarters.

Core Values and Commitments

Our company's success is predicated on the following beliefs and pledges:

Expertise and Innovation:

Credibility is maintained by our use of a staff of knowledgeable professionals and our adoption of cutting-edge AI technology.

Customer Satisfaction:

Satisfying our customers is our first priority, and we work hard to ensure that their needs are met, and their expectations are exceeded as we work together to achieve common goals.

Strong Ethical Standards:

Throughout our operations, BSO Limited is committed to promoting ethical business practices and maintaining the highest levels of integrity.

Combatting Fraud and Corruption:

We take part in industry-wide initiatives to root out corrupt business practices and create a level playing field for all companies.

PROCUREMENT INNOVATION

At Blue Sky Oilfield Supply and Services Ltd., we are at the forefront of procurement innovation. Our digital-first approach revolutionizes every aspect of procurement.

- **Real-Time Procurement:** Our digital procurement platform provides real-time data and analytics, empowering you to make informed decisions instantly. Say goodbye to manual processes and welcome efficiency and cost savings
- **Supply Chain Optimization:** Gain real-time visibility into your supply chain, ensuring timely deliveries and minimizing downtime
- **Cost Optimization:** Using data-driven analysis, identify cost-saving opportunities across your operations, from procurement to construction

Data-Driven Insights:

Data is the cornerstone of our innovation. We employ cutting-edge analytics and predictive modelling to provide actionable insights, granting you a competitive edge and facilitating informed decision-making.

Environmental Responsibility:

Our dedication to sustainability extends beyond ISO certification. We actively seek digital solutions that align with environmental responsibility, contributing to a greener, more sustainable future for the industry.

PRODUCT & SUPPLY

Valves, Drilling Machines, Rotary Equipment, Generators, Process Devices, Instrumentation, Electrical, Protective Devices, Repairs, Repair and Operation Materials, Industrial Oil and Chemicals, HVAC and Refrigeration, Food Preparation and Janitorial, Large Plant Machinery and Automobiles are among the products we provide.

We have a global footprint in the purchase of goods for different sectors of the Oil, Gas, Petrochemical, Mining, and Power Generation Industries, including the following:

Valves

Gate, Globe, Ball, Butterfly, Plug, Needle, Actuated Control, Solenoid and Safety Valve

Drilling Equipment

Drawworks, Travelling Blocks, Coiled Tubing, Drilling Instrumentation, Drilling Generators, Wireline Equipment, Completion Tools, Oil Tools, Pipe Handling Systems, Duplex/Triplex Panels, Surface Safety, API and Power Swivel

Rotating Machinery

Gas Turbines, Steam Turbines, Compressor (Gas and Air), Diesel Engines, Generating Sets and Motors

Pumps

End Suction, In-Line, Axially Split Casing, Multistage Screw, Vertically Suspended and Centrifugal

Process Equipment

Filtration (Vessels and Filters), Heat Exchangers, Finned Tubing, Pipe and Tubing and Pipe Fabrications

Instrumentation

Flowmeters, Recording Equipment, Laboratory Equipment, Pressure Gauges and Averaging Sensors

PRODUCT & SUPPLY

Electrical

Circuit Breakers, Magnetic Starters, Lighting (Explosion Proof), Cabling (and Glands), Panel Boards, Transformers, Generating Sets, Contactors, Enclosures, Relays, Switches and Conduit Fittings

Safety Products

Workwear, Footwear, Headwear, Hand and Eye Protection and Water Safety

Maintenance, Repair and Operation Tools

Hand Tools, Power Tools, Workshop Furniture, Storage and Lifting Equipment

Industrial Oil and Chemicals

Coolant Oils, Grease, Fuel Additives, Corrosion Prevention Oils and Machine Fluids

Air Conditioners and Refrigeration

Air Conditioners, Blowers and Fans, HVAC Test Instruments, Pipe, Tubing and Chillers

Food Preparation and Janitorial

Cleaning Equipment and Supplies, Kitchen Equipment, Canteen Equipment and Laundry Equipment

Heavy Plant Machinery and Vehicles

Construction Equipment, Heavy Load Trucks and Excavating Equipment

SERVICES

Learn about our service by exploring the latest advancements in artificial intelligence technologies.

Recruitment and Staffing Services: Our exceptional executive consulting team is dedicated to supplying you with the industry's most talented individuals, and we are confident that we can accomplish this goal. We have years of experience, and as a result, we are excellent at matching the ideal applicants to your specific requirements to make the selection process go smoothly.

Training Services:

Prepare yourself for the world of tomorrow with our innovative training programs. Our training services, which are fuelled by innovations in artificial intelligence technology, educate your team with the skills and knowledge necessary to compete in an environment that is constantly changing.

Engineering and Consulting Services:

Unlock the full potential of AI-driven solutions by leveraging our expertise in engineering and consulting. Whether it be through the implementation of AI strategies or the optimization of business processes, our team will ensure that your company is always at the cutting edge of technological innovation.

Construction Services:

With our construction services, you may construct the future with complete self-assurance. We ensure that your idea is turned into a reality by delivering projects on schedule and with an unprecedented level of precision, which is made possible using AI-powered planning and execution.

Procurement Services:

Streamline your procurement procedures with our AI-enhanced method, which is included in our procurement services. From the initial phase of resource acquisition all the way through management of the supply chain, we make use of technology to ensure that we have access to the most effective and efficient resources possible.

Work Hand in Hand with the Finest:

Working together with us will allow you to gain access to the many benefits of our extensive range of services. As pioneers in this field, we are aware of the difficulties associated with the recruitment of top talent, the incorporation of cutting-edge technology, and the expansion of existing businesses. Lean on our proven track record of accomplishment to take your strategies to the next level and accomplish remarkable things.

Innovate with Confidence:

In a world where innovation is of the utmost importance, the integration of our AI technology assures that you will always be one step ahead of the competition. Join up with us to harness the potential of artificial intelligence (AI), thereby transforming your company into a pioneer of the future.

If you choose us as your partner, we will traverse the always changing landscape with a competence and inventiveness that is unmatched in the industry.

Blue Sky Oilfield Supply and Services (BSO) Limited - Your Online One-Stop-Shop for Oil and Gas Solutions

Our Extensive Product and Service Portfolio

Blue Sky recognizes the vital significance of dependable and effective supply chains in the oil and gas industry. Whether you require high-quality materials, innovative apparatus, or specialized services, our extensive product selection has you covered. From drilling equipment and production supplies to safety gear and maintenance tools, we offer a wide variety to meet the needs of any project.

Comparison of Products and Services Based on Artificial Intelligence

We believe that customized solutions are the key to project success. We have therefore integrated sophisticated AI technology into our platform in order to provide you with individualized product and service recommendations based on your specific requirements. Our intelligent AI algorithms analyse your requirements, allowing you to compare various options and make decisions that perfectly align with your project's objectives.

Cost Comparisons and Estimations

Transparency and efficiency are our top priorities. You can easily generate cost estimates for specified products and services with our user-friendly interface, allowing you to optimize your budget and make prudent financial decisions for your projects.

Digital Database of Worldwide Vendors and Suppliers

We have compiled an extensive digital database of reputable global oil and gas industry vendors and suppliers. This extensive network ensures that you have access to a vast selection of high-quality goods and services, allowing you to choose the most appropriate options for your projects.

Portal for Effective Document Upload and Communication

Our convenient document upload function will facilitate your project management. Share essential project documents in a secure manner via our platform, thereby expediting communication with our team and facilitating collaboration throughout the procurement process.

Online Payment Service

Because we value your time and convenience, we offer a safe online payment option. Effortlessly complete transactions with a few keystrokes, providing a procurement experience devoid of hassle.

Intelligent Chat Bot with Audio/Video Call Capabilities

Our customer service is readily accessible through our Smart Chat Bot. Receive immediate assistance, direction, and answers to your questions. If you require more individualized assistance, our Chat Bot can seamlessly transition into an audio or video call, placing you in direct contact with one of our specialists.

Blue Sky Oilfield Supply and Services (BSO) Limited is dedicated to providing unmatched client experiences. Our user-friendly online platform, powered by cutting-edge AI technology, ensures that your oil and gas procurement journey is effective, economical, and tailored to your requirements. Experience the future of oil and gas supply chain solutions today by partnering with us.

WHY US?

Premier Digital Solution for Oilfield, Gas, Petrochemical, and Allied Supply Services:

Blue Sky OilField Supply and Services, LIMITED is your premier digital solution for oilfield, gas, petrochemical, and allied supply services!

Understanding Digitization Problems and Offering a Unique SaaS Digital Solution:

Blue Sky OilField Supply and Services understands the digitization problems of the oilfield, gas, petrochemical, and associated supply services business. We are happy to announce our unique one-stop SaaS digital solution to redefine how you procure and meet your company demands.

AI-Based Algorithms for Maximum Product and Service Information:

Our main objective is to introduce our worldwide supplier network and oilfield and allied industry expertise to the UK market. Unlike our competitors with static websites and limited content, we use AI-based algorithms to present you with maximum product and service information. You may save time and money by comparing supplier costs with a few clicks.

AI-Based Library of Worldwide Oilfield and Allied Suppliers and Vendors:

AI-based library of worldwide oilfield and allied suppliers and vendors is a significant element of our proposed solution. This digital decision support solution lets you investigate several global vendors to construct an efficient supply chain network without wasting time or resources.

Leveraging Decade of Oilfield Experience for International Commercial Prospects:

Our decade of oilfield experience in the Middle East, GCC, and Africa positions us to establish new international commercial prospects for UK companies. We can connect UK suppliers with emerging market customers through our worldwide supplier network, enabling growth and expansion.

Cutting-Edge Recruitment Solution to Address UK Skills Shortages:

Our creativity goes beyond buying. We created a cutting-edge recruitment solution to address UK skills shortages, particularly in engineering. This service connects UK oilfield companies to overseas professionals, filling important talent gaps.

Trusted Partner with Industry Expertise, Worldwide Connections, and Cutting-Edge Technology:

Blue Sky OilField Supply and Services is a trusted partner that combines industry expertise, worldwide connections, and cutting-edge technology to streamline operations, improve procurement, and enable development in the dynamic oilfield industry.

Empowering Organizations with Digital Solutions and Becoming the Preferred Partner:

We want to empower your organization with our digital solutions and become your preferred partner in the ever-changing oilfield supply and services world. Contact us immediately to discover Blue Sky's boundless success potential. Let's fly high!

CERTIFICATIONS: A COMMITMENT TO EXCELLENCE

ISO CERTIFICATION:

ISO 9001: Quality Management

Our ISO 9001 certification is a testament to our unwavering dedication to quality management. We adhere to strict quality control processes to ensure that every product and service we provide meets or exceeds industry standards. This certification reflects our commitment to delivering excellence in every aspect of our operations.

ISO 14001: Environmental Management

Environmental responsibility is at the core of our values. Our ISO 14001 certification signifies our commitment to sustainable practices and minimizing our environmental impact. We actively seek eco-friendly procurement options, sustainable construction practices, and green technologies to contribute to a greener, more sustainable future.

ISO 45001: Occupational Health and Safety Management

Safety is our top priority, and our ISO 45001 certification reinforces our commitment to maintaining a safe and healthy working environment. We prioritize the well-being of our employees and implement rigorous safety protocols to ensure that every project is executed with the highest regard for safety standards and protocols.

Industry Compliance:

We maintain strict adherence to industry regulations and standards. Our team of experts continuously monitors evolving regulations, ensuring that all our operations meet or exceed compliance requirements. This commitment extends to all aspects of our services, from procurement and construction to safety and sustainability.

Continuous Improvement:

Our certifications are not just milestones; they are a part of our journey towards continuous improvement. We actively seek opportunities to enhance our processes, technologies, and practices to better serve our clients and contribute positively to the industry.

At Blue Sky Oilfield Supply & Services Ltd, our certifications are a reflection of our unwavering commitment to excellence, quality, safety, and environmental responsibility. We don't just meet standards; we set them, ensuring that our clients receive the highest level of service and innovation in the oil and gas industry.

CHAIRMAN'S MESSAGE

Respected Partners and Stakeholders,

I am delighted to welcome you to Blue Sky Oilfield Supply & Services Limited, UK.

I am proud to lead a passionate team committed to innovation, excellence, and sustainable growth as Chairman of this vibrant firm.

Our goal of transforming the oilfield supply and services business has been unrelenting and unwavering. We have grown into an AI innovation company that pushes limits, breaks barriers, and uses cutting-edge technologies.

Blue Sky Oilfield Supply & Services Limited, UK understands that the globe and our clients' and industry's needs change. Customer-centricity remains our emphasis as we adjust to changing landscapes. We feel that understanding our clients' goals and issues is crucial to providing customized solutions that exceed expectations.

Our dedication to excellence and innovation has led us to expand into artificial intelligence and technology. We want to transform the oil and gas business with AI to make it smarter, safer, and more efficient.

Our sustainability and social responsibility are our pride. Our efforts to reduce environmental impact, help local communities, and promote ethics show our commitment to improving the world.

It would have been impossible without our talented team's tireless efforts. Their experience, passion, and tenacity drove our success. Our personnel are at the heart of our operations as we grow and expand.

I also appreciate our partners and stakeholders. Your support and faith in us have helped us succeed, and we look forward to building lasting, mutually beneficial connections.

Our strong heritage and aim to shape the industry propel us into the future. Let's work together to build a world where innovation and sustainability coexist, difficulties become opportunities, and our efforts lead to a better future.

We appreciate your company on this amazing adventure. Let's fly and enjoy the boundless possibilities.

Sincerely,

Tasawar Abdul Hamid

Mr. Tasawar Abdul Hamid, Chairman,
Blue Sky Oilfield Supply & Services Limited, UK

BLUE SKY OILFIELD SUPPLY & SERVICES Limited – U.K.

QUALITY HEALTH & SAFETY ENVIRONMENTAL POLICY STATEMENT

Our Values & Commitments

- Safety and environmental responsibility are core values at Linde and integral in all that we do.
- Compliance with applicable laws, regulations and Linde policies is a license to operate for our employees, contractors, suppliers and partners.
- HSE ownership through visible, demonstrated leadership across the organization.
- Collaboration with the industry and other professional associations to continuously advance the safe management of our products and installations.

We expect our employees, contractors and partners to embrace these principles and reflect them in every aspect of the work they perform.

This policy is integral to the BLUE SKY OILFIELD SUPPLY & SERVICES Limited – U.K. strategy. The Management Committee and BLUE SKY OILFIELD SUPPLY & SERVICES Limited – U.K. leadership are committed to the full implementation of this HSE policy.

Our Safety Principles, we believe that:

1. All incidents and injuries are preventable.
2. HSE is line management accountability.
3. We are responsible for our own safety and that of others around us.
4. Our employees and contractors are obliged to stop a job or refuse to perform it, if it cannot be performed safely.
5. All HSE incidents must be reported, and learning's taken from them.
6. Our commitment to and efforts in safety will yield results.
7. Acting safely is a condition of our employment and supplier contracts.
